

pocket folders

We've got pockets any way you want them. Horizontal. Vertical. Expanding. Beautifully printed inside and out, and laminated in your choice of finish. Precise construction detail with the option of die-cut shapes and portfolio flaps. Our folders add the perfect polish to insurance agents kits, employee benefits kits, sales kits — any time you have information to present that needs organization and a little panache.

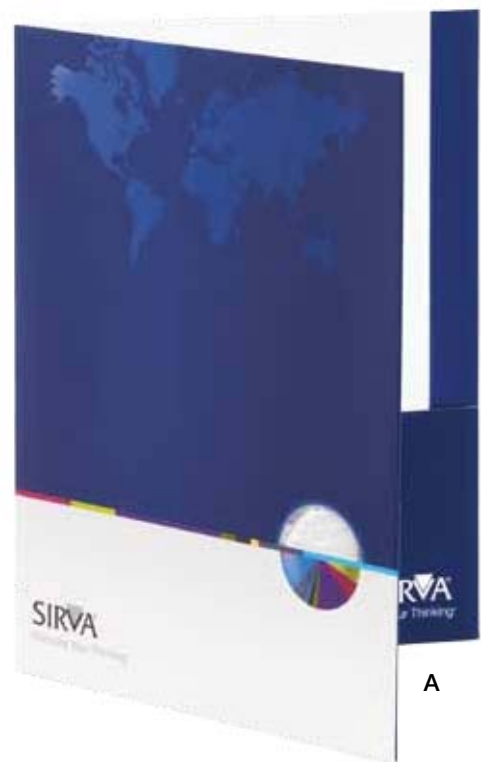

organizer

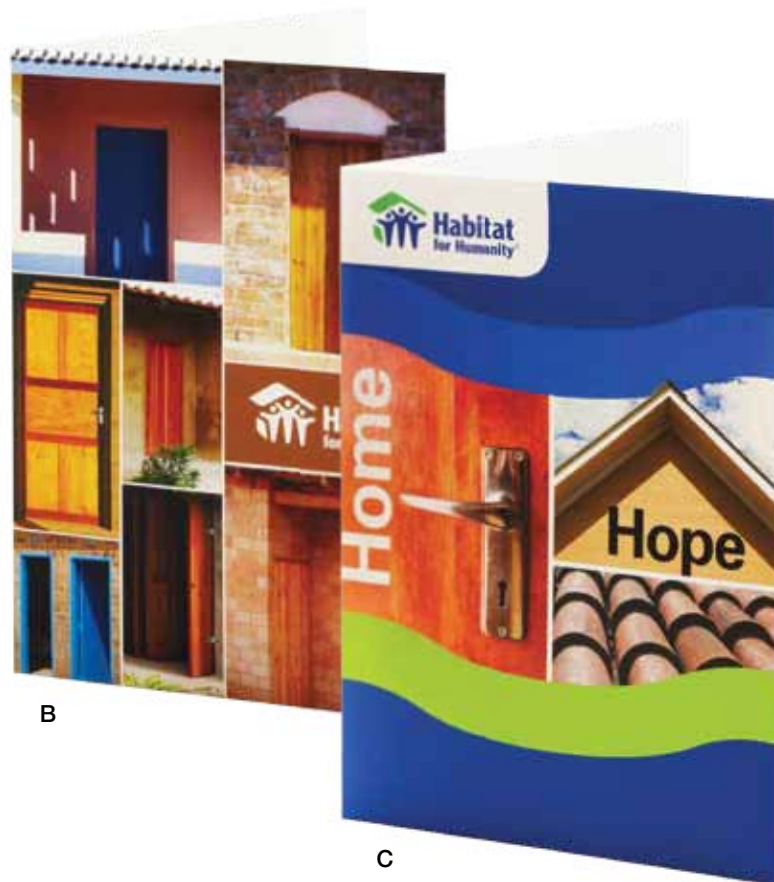

“More people are using folders as information kits, so we’ve reinvented our line. New sizes. Taller pockets. It’s a really great improvement.”

31 flavors and more

All the options available in our folder line might seem a bit overwhelming. No need to worry. Just tell us what you need and we'll help you find the right solution. You see, we're the folder experts. Seriously. We've studied folders inside and out. And we've developed the most comprehensive line-up of standard folders available. So you can find exactly what you need. And if you can't. Let's talk. We do custom folders as well.

be all, end all

Ta dah. We're introducing the best line-up yet. We went back to the drawing board to invent folders that work harder than ever. Our new pockets are deeper and wider to hold more paper. Up to 100 sheets without bending, bowing or spilling out. Our expandable pockets are taller to give materials more support. Our new sizes are a little taller and wider to do more, hold more and function as usable collateral information kits. Of course, we also offer a line that fits in standard-sized envelopes for mailing. Whatever size you want, we've got you covered.

"We're not just about producing beautiful products, we value-engineer them to be smart."

MARK HOLUB, SALES REPRESENTATIVE

hold everything

Bring it all together with our complete selection of folders. Choose from three paper stock options. Print full-color graphics inside and out with soy inks and add lamination in your choice of regular or linen finish. Foil stamp. Emboss. Deboss. Die-cut. You won't believe the options and configurations. Really, you're limited only by your imagination.

EXPANDABLE

Same quality folders — but with pockets that stay flat or expand up to 1/4". A great alternative to box pockets, they expand as needed, so papers won't fall out.

USB

When you need space for digital information, we've got you covered. Our new USB housing securely holds a drive in place — no lumps or bumps to ruin the line of the presentation folder.

D. CLEAR CHANNEL OUTDOOR, Expandable Pocket Folder - DIE #216

4c process, gloss lamination

E. CROWE HORWATH, Custom Pocket Folder - DIE #7649

4c process, matte lamination

STANDARD

We call them standard. But, they're not. Our folders offer lots of options. You can choose one or two pockets either horizontal or vertical. Select from 12- or 18-pt. stock or 100% PCW stock printed with four-color process soy inks. Folders may be laminated in natural matte, semigloss or gloss with either a smooth or linen finish. You can customize them with business card or brochure cuts or CD/DVD slits at no extra charge. And they're available with either Velcro® or eco-friendly tuck closures.

A. MIDLAND NATIONAL LIFE, Custom Pocket Folder - DIE #4305

4c process, matte lamination

B. STUDENT ASSISTANCE FOUNDATION, Portfolio Pocket Folder - DIE #252

2c PMS

C. BARKLEY, Glueless Pocket Folder - DIE #227

2c PMS + spot gloss UV, matte lamination

PORTFOLIO

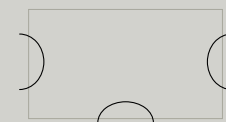

Our portfolios start where our standard folders leave off. Same quality. Same options. Plus a variety of unique portfolio closures that help keep your materials in place and add distinction.

GLUELESS

Easy. That's our glueless folder in a nutshell. We designed it to be easy to assemble and use. Folders are printed with four-color process soy inks on either a 12- or 18-pt. stock or our 100% PCW stock. Then they're die-cut and shipped flat. You assemble only as needed. These folders are eco-friendly FSC certified and require less energy to manufacture than traditional folders.

BUSINESS CARD CUTS

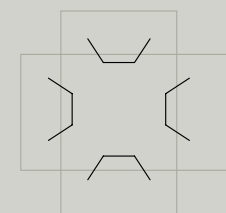

Standard business card cuts are available on horizontal pockets at no charge.
